"I can't change the direction of the wind, but I can adjust my sails to always reach my destination -Jimmy Dean". Attending BBCON provided me the skills and knowledge I needed to make my nursing dream a reality. I have had many experiences at college, that prepared me for working as a nurse. I am immensely proud of being a part of this institution, which helped me pursue my career both intellectually and socially."

Life at BBCON was an incredible journey. Looking back at the two glorious years I spent at Benziger College, I am filled with nothing but gratitude. The college provided me a new confidence and a thirst to succeed. I feel extremely happy to see Benziger College of Nursing as a 'Destination of Choice' for students from various parts of the state. In pursuance of vision, mission and goals, the Institute is now a place where a student can act and interact, not just to share knowledge, but to create new knowledge.
