## Guidelines for identifying Advanced Learners and slow learners

Advanced learners are identified based on

- ❖ the performance in University Examination of previous year and internal examinations.
- ❖ evaluation of the students by the class coordinators and subject teachers on interaction in class room and clinicals, their fundamental knowledge, concept understanding and articulation abilities.
- ❖ interest of the student

The academically slow learner (Weak Students) means those who could not keep pace with the classroom teaching needs extra attention so as to bring such students at par with the rest of the students of the class.

Slow learners are identified based on their:

- ❖ performance in University Examination of previous year and internal examinations (The students who got below 50% of marks).
- ❖ attendance percentage (less than 60%).
- ❖ self-reporting by the student.
