Dear all,

An ethical research ensures that interest and concerns of those involved are considered. In other words, a research should not harm or be a distress to anyone. Researchers must be honest, open and critical about their research.

It encourages integrity in the pursuit of scientific investigation and practice among scholars and professionals.

OBJECTIVES:

At the end of the session the participants will be able to: -

- Explain ethical principles in research
- Develop standard operating procedures for Institutional ethical committee
- Gain knowledge about informed consent and participated information sheet
- Understand criteria for acceptance of research proposals.
- Orient to publication ethics.
- Discuss proposal evaluation

PROPOSAL FOR ORGANIZING NATIONAL SYMPOSIUM

INTRODUCTION:-

Bishop Benziger College of Nursing has contributed significantly to the field of Nursing Education since its inception in 2004. As a college having both under graduate and Post graduate program, conducting co-curricular activities of remarkable standard is essential for showing the interest college has, in maintaining standard of Nursing Education.

The college has applied for NAAC Accreditation and our Letter of Intent was accepted on 15/05/2015. College need to conduct Conference/Workshop/ Symposium of high standard as it is one of the criteria for evaluation by NAAC team.
