INTRODUCTION

The National Service Scheme was started to establish a meaningful linkage between the campus and the community. Mahatma Gandhi, the Father of the Nation, had recognized that the country could not progress in a desired direction until the student youth were motivated to work for the upliftment of the community. Special residential Camp forms an integral part of the NSS Programmes. It provides unique opportunities to students to participate in meaningful outdoor activities. It involves the students in the learning process through objective observation and democratic participation. It is a creative, sustained and collective educational experience for students in social service through planned living to achieve certain specified objectives.

The main purpose of camping under the NSS is education. It helps to broaden the outlook of the students and develops in them a sense of national consciousness and social responsibility. It inculcates in them self discipline and develops dignity of labor.

The main objectives of NSS residential camp are:

- To Provide an opportunity to live together.
- To use the volunteers energies and idealism for nation building programs
- To understand the community.

BISHOP BENZIGER COLLEGE OF NURSING

(Accredited by NAAC with B grade)

- To identify the needs and problems of community and involve them in problem solving.
- To develop a social and civic responsibility
- To acquire leadership qualities and democratic attitudes.
- To practice national integration and social harmony.

The NSS unit from Bishop Benziger College of Nursing organized and conducted a four day NSS residential special camp named “Thanima” from 21.02.2020 to 24.02.2020 at St.John’s U.P School, Thirumullavaram, Kollam. The 46 NSS volunteers participated enthusiastically in the camp under the supervision and guidance of Dr.Anoopa.K.R, Principal and Mrs.Jyothilakshmi, NSS Programme Officer of Bishop Benziger College of Nursing, Kollam.

volunteers dreams, passion and motivations. The volunteers were told how important their dreams and desire are for developing the personality and encouraged to be optimistic and to have a positive approach about everything in life. In the end, Dr. Preetha share her life experience to become a good professional's in her life and it set an example for the students to always be hopeful of good things happening in the future and to achieve the goal by taking on head on ,all the obstacles in the way. To sum u ,it was a well thought out class of motivating the volunteers to discover themselves.

04pm -05 pm (Zumba awareness class)

The volunteers had a Zumba class to get them moving and keep fitness in mind during the camp. Zumba is a popular aerobic fitness program that combines dance and exercise. The aim of Zumba dance is to promote healthy living by reducing the high risk factors for life style diseases like obesity, hyperlipidemia etc. Zumba instructor Mrs. Lekha teaches Zumba classes and volunteered her service to community. The volunteers did several different

Health Survey

The 46 NSS volunteers divided themselves into five subgroups and each subgroup had 10 volunteers. The volunteers from each subgroup were under the supervision of one faculty from BBCON and a mother PTA member from St. John's U.P. School. The survey forms were distributed to volunteers by the NSS Program Officer. Each student got 05 health survey forms.

The main objective of conducting the health survey was to :

- To gather basic quantitative information like demographic and socioeconomic variables
- To identify the environmental hygiene and the health status of people in the community
- To collect the common health behaviors

BISHOP BENZIGER COLLEGE OF NURSING

(Accredited by NAAC with B grade)

- To find out the non-communicable diseases
- To identify the blood group with a view to develop a blood group directory
- To gather information about the role of government and private facilities in providing health care.

After assigning the community area for health survey the volunteers moved to “Thirumullavaram” area to conduct health survey. Each volunteers visited total 05 houses in their area and completed the health survey format with great enthusiasm. The survey finished at 12.30 pm and returned to St.John’s U.P School at 1pm.

02pm -3.30pm

The afternoon session of the camp had Miss.Ancy.B.Kairali from Department of Mental Health ,District Hospital Kollam to take a class on “Mental Health and Mental Health Problems in Women”. She emphasized on early recognition of mental illness and importance role of volunteers in

the society in reducing the stigma related to mental illness. In the end of the session ,Ms. Ancy .B.Kairali demonstrated some mind relaxing exercise to volunteers.

04pm -05 pm (Yoga session)

A few minutes of yoga during the day can be a great way to rid of stress that accumulates daily in both the body and mind. In view of this, the 46 volunteers attended a one hour yoga session on 21.02.2020 from 04pm to 05 pm. The Yoga Guru Mrs.Lathika Sakalesh and Yoga Trainer Mrs.Anitha (Rishi Yoga and Meditation Academy) have taken classes with high level of dedication. They have also explained remedies for personal health problems like PCOD to the volunteers with lot of patience. The volunteers got the chance to know how yoga embodies unity of mind and body. The Yoga Trainer Mrs.Anitha demonstrated different yoga postures like Bhadrasana ,Bhujangasana,Surya Namaskars etc...Finally ended with

Pranayama and meditation. The volunteers thoroughly enjoyed the yoga session.

05pm -06 pm (Palliative Visit)

Engaging volunteers in palliative care has dual advantage. One is that , their energy can be utilized for the benefit of patients with Chronic diseases. Another is that inculcating the spirit of care can have a positive effect on the attitude of volunteers. With the support from local government palliative team from Sakthikulangara, Mrs.Juliet (Palliative Nurse, PHC, Sakthikulangara) provided an opportunity to meet and visit the homes of palliative patients under the supervision of ASHA workers in each area. The volunteers went with ASHA workers and conducted home visit in total 10 houses and done procedures and interacted with the patients and also their families. Volunteers experienced the life of bed ridden patients.

07 pm – 08 pm

The NSS Program Officer guided the volunteers about the coding of health survey for analysis and also advised to prepare a blood group directory as per the request of area councilor.

09pm – 10 pm

The volunteers prepared report of activities conducted in the second day of camp and practiced cultural program for next day.
