Language and communication skills development

Communication and language development is about more than talking. It means all the different ways a student understands and communicates, only part of which are spoken words. Communication and language development is important, because speaking is an indicator of fine motor skill development and a reflection of cognitive development. Reading is one of the best ways to encourage communication and language development. Bishop Benziger College is promoting the students language and communication skill during their 1st year as a foundation class English training is giving for them.
